

Project Application Form

Project Address Data

name	
address	
postal code	
city of residence	
telephone number	
e-mail	
date of implementation	<i>in case of doubt, note an indication of month / year</i>

Project Description

--

Housing Data

construction year	<i>new / renovation</i>
type of housing	<i>detached / terraced / apartment</i>
total living area	<i>m²</i>
area to be heated	<i>m²</i>
roof insulation	<i>good / regular</i>
wall insulation	<i>good / regular</i>
floor insulation	<i>good / regular</i>
type of windowglass	<i>single / double / HR+++</i>

Heating and Consumption

number of inhabitants	
type of heating installation	<i>high / low temperature (existing installation)</i>
type of heating elements	<i>radiators / convection / underfloor heating</i>
gas consumption	<i>m³</i>
electric consumption	<i>kWh</i>
prospect of boiler capacity	<i>(regular: 180 liters)</i>

Rooftop Area

flat / slanted	
type roofing	
orientation	<i>East / West / South</i>
available surface	<i>m²</i>

Technical Area

floor / level	
available surface	<i>m²</i>
distance to the roof	<i>m</i>
fusebox connection (groups)	

Please enclose the following documents, when available

- blueprints with dimensions
- Transmission-Loss-Calculation / EPC
- pictures of the roof
