

Declaration of conformity.

We Triple Solar B.V.
Programmeurstraat 6B
1033MT Amsterdam
The Netherlands

Hereby declare that our product:

PVT Panel

to which this declaration relates, complies with:

- ◆ CE-marking directive 93/68/EEC
 - For PVT as a complete product the EC Declaration of conformity is not existent as there is no European Harmonised Standard for the product.

- ◆ REACH directive 1907/2006/EC
 - All components supplied do not contain substances listed on the REACH SVHC (Substances of Very High Concern)
 - And at all time comply with the requirement in REACH Annex XVII that contains a large number of prohibitions and restrictions on use of Chemical Substances.
 - SCIP: No extreme hazardous substances are used in the PVT panels. This has been confirmed with suppliers of components.

- ◆ RoHS2 directive 2011/65/EU and RoHS3 2015/863/EU
 - RoHS2 (The RoHS Directive currently restricts the use of ten substances: lead, cadmium, mercury, hexavalent chromium, polybrominated biphenyls (PBB) and polybrominated diphenyl ethers (PBDE), bis(2-ethylhexyl) phthalate (DEHP), butyl benzyl phthalate (BBP), dibutyl phthalate (DBP) and diisobutyl phthalate (DIBP).) These substances are not used in the PVT production at Triple Solar.

- ◆ WEEE directive 2012/19/EU
 - For the PV-laminates Bisol Production Ltd. WEEE Producers compliance.

- ◆ The Triple Solar PVT Panel is certified by DIN CERTCO – TÜV Rheinland according to Solar Keymark on the basis of the following standards
 - ISO standards EN ISO 9806:2017,
 - EN 12975-1:2006+A1:2010.

- ◆ Packaging and Packaging Waste, directive 94/62/EC.
 - We ensure that we have minimized the amount of packaging used to the possible extent.
 - We recycle packaging as much as possible.
 - The company's use of the heavy metals cadmium, lead, mercury and chromium (VI) in its packaging complies with the limit values set in the EU.
